Digital Brilliance

Come and post your Youtube videos, Digital Brilliance is not just for Freelancer anymore. Science, music and much more is now available for your viewing, this includes advertising for your sites and your MODs.

I've been a long time supporter of Freelancer and this won't stop anytime soon, many tools and addons can be downloaded for modders of Freelancer.

This is also the home page of Solurus Systems MOD, one of the largest MODs for Freelancer, so come and join us on the server and find out what my imagination has to offer 🍌

Digital Brilliance is bringing you closer to your goal!
